A passionate web developer and creative solutions provider since 2017, delivering a wide range of custom websites, e-commerce platforms, and cross-platform applications.

SKILLS

Graphic Designs

Web Development

CRM

LANGUAGES

FILIPINO

Confident in speaking and writing.

ENGLISH

Clear and effective communicator.

STUDIES

UNIVERSITY OF THE VISAYAS

(2012 - 2017)

Graduated from the University of the Visayas – Main Campus with a Bachelor of Science in Information Technology.

During my studies, I discovered my passion for software and web development, along with an interest in design.

EXPERIENCE

SOLAR SYSTEMS PH. 2017-2019

At Solar Systems Company, I worked as a Web Graphic Designer.

My responsibilities included designing brochures, developing WordPress websites, and assisting with SEO-related tasks.

CUSTOMER BENEFITS. 2019 - 2026

I worked as a Front-End Developer, developing websites using static HTML, .NET MVC, WordPress, Next.js, and other technologies.
